

VALAY CONTROLS

CPRI Approved Electrical Control Panel Manufacturing

JAS-ANZ

An ISO 9001:2015 Certified Company

This is to certify that Kunal Borole has successfully completed his internship at Valay Controls as a MERN Stack Developer from June to August 2024. During the course of his internship, he demonstrated commendable dedication, a strong willingness to learn, and an ability to apply full-stack development skills in practical scenarios.

His role included gaining hands-on experience in MERN stack technologies, working on real-world projects, and collaborating effectively with our team. We greatly appreciate the efforts and contributions he made during his time with us.

This internship has provided him with valuable experience and has enhanced his understanding of development concepts, preparing him for future endeavors.

We wish him all the best in his career and look forward to seeing him achieve continued success.

Thank you,
Valay controls,
